8 COMPETITION PROCEDURE

8.1 Timetable

Please refer to Appendix 3 for the competition timetable.

8.2 Competition Bibs

Each competitor will receive 3 competition bibs with the country code. These must be pinned to the front and back of the competition clothing and to the athlete's bag.

Exceptions are made for jumping events: these competitors are permitted to attach the bib only to the front or to the back of their competition clothing (plus their tracksuit and bag).

For all track events (including relays) each competitor will receive 3 bibs with the country code. On one of the bibs transponder plastic pocket will be attached behind the bib. This bib (with transponder pocket) must be worn as the front bib by the athlete. During the Call Room process, a transponder will be inserted into the plastic pockets by volunteers. This transponder is essential for the timing, ranking and analysis of the races. After the competition, the athletes should return the transponder at the entrance of the Kit Collection Area, where they will be collected by volunteers.

The competition bibs will be delivered to the teams during the accreditation process. Bibs must not be cut, folded, or covered in any way.

8.3 Competition clothing

Competitors must wear the Federation's official team clothing. World Athletics TR5 will be strictly applied. Please make sure to follow the World Athletics Advertising Regulations in force. Clothing and items not conforming to this rule and the current World Athletics Advertising Regulations will be removed/taped at the Call Room.

The European Athletics has a record of the Team vests of all Member Federations accessible at the following link: [EA Organisational Manual](#).

Member Federations shall confirm their team vests. If the uniform displayed differs from your current official uniform, the revised Team Vests form must be uploaded, in one single file, by **17 June 2025**. Otherwise, the existing records will be used as a reference. A competitor wearing any other clothing will have no access to the competition area and will not be allowed to compete.

The rule stipulating the compulsory wearing of the official competition clothing will be applied during the competition, but also during any victory lap, interviews at the Stadium and the Medal Ceremonies.

8.3.1 Competition shoes

All the competition shoes must comply with World Athletics TR5, including the sole and/or heel and the spikes dimensions. It is the athletes' responsibility to make sure that the shoes to be used for competition are on the current list of approved shoe models by the World Athletics ([List of approved athletics shoes](#)). In case of no compliance with the TR5 or the list of approved shoes, an athlete may be not allowed to compete or disqualified after the competition with the result being void.

The shoes may be checked after the competition within the Kit Collection/Post Event Area in case of doubts or upon special requests, as well as in case of a World or European Record. In the case of World Records, the shoes will be withheld by the relevant Referee and sent later to the World Athletics as per TR5.

8.4 Call Room

All athletes will have to report to the Call Room located between the competition venue and Warm-up area.

Access to the Call Room will be allowed to athletes only, controlled by accreditation cards and according to the detailed Call Room Schedule that will be published at the Virtual TIC on day-by-day basis.

In general, the following reporting times will be used but may differ slightly in the final Call Room Schedule (all times are prior to the actual starting time of the event) which will be circulated in due course via the Virtual TIC.

Track events and Relays	25-30 minutes	6-7 minutes

Personal belongings (video cameras, tape recorders, radios, CD players, radio transmitters, MP3/MP4, cell phones or similar devices) will not be permitted in the infield as per World Athletics Rule 6 of the Technical Rules or TR6. Competition officials in Call Room will confiscate all not authorised items. Athletes will receive a receipt for any such items. Upon presentation of this receipt, the athletes will be able to collect such items from the TIC once their event has finished.

Please note that the accreditation cards of all athletes (competing in track and field events) will be collected in the Call Room. The cards will be redistributed to all athletes after their event in the Post Event Area.

8.5 Coaching Zones

To allow communication between athletes and coaches, seats have been reserved in the stands close to the field events. Special passes for the concerned field event will be distributed during the accreditation procedure, upon signature of the Team Leader. There will be one pass per athlete competing. The pass is only valid when accompanied by a team accreditation, this accreditation needs to be always visible.

For all field events (including Pole Vault), coaches are requested to report to TIC (or Sub-TIC in case of Pole Vault) at the closing time of the respective discipline to be escorted to the respective coaching zones.

8.6 Specific Event Regulations

8.6.1 European Athletics Team Championships Regulations

In addition to the Team Manual more information about the event is available through the [Competition Regulations](#) at European Athletics website.

8.6.2 Horizontal Field Events

All participating athletes will have three attempts (rounds 1, 2 and 3). Then, the best 8 athletes will have two more attempts (round 4 and 5). Finally, the best 4 athletes will have the final attempt (round 6). WA TR 25.22 will apply for ties.

8.6.3 Vertical Jumps

In the vertical jumps, the athletes will be divided in two groups (A and B). Both groups are to be held simultaneously. The overall standing of the competition will be based on the combined results of both groups.

The WA TR 26.2 shall be respected. Furthermore, each competitor is limited to a maximum of 4 (four) fouls throughout the whole competition. After the fourth foul he/she may not jump further unless he/she has won the competition. The rule of 4 (four) maximum fouls does not apply in case of the jump-off for the first place.

The time permitted for each attempt shall be always 1 (one) minute, except the consecutive attempts by the same athlete, or if only the winner is competing, in which case WA TR 25.17 shall apply.

The winner of the competition is allowed to continue according to WA TR 26.4. WA TR 26.8 will apply for placing.

The starting heights and the progression in both groups are to be decided by the Technical Delegate considering relevant information (i.e. personal & seasonal bests of the participating athletes). Each group may have a different starting height, but the progression should be similar.

8.6.4 Track events

The track events from 100m to 800m inclusively and all the relays are to be held in two heats. 1500m, 5000m & 3000m SC are to be held with one heat only.

For 4x400m Mixed Relay, the running order is defined as man – woman – man – woman.

8.7 Lane Draw and Starting Order

8.7.1 Field Events

The order of attempts in the horizontal field events shall be decided by a draw conducted by European Athletics for each respective discipline separately. In the horizontal field events, the starting order of attempts is to be held for the first three rounds. The order of the attempts for 4th and 5th rounds is to be in the reverse order based on the ranking after the 3rd round. The order of attempts for the last (6th) round is to be in the reverse order based on the ranking after the 5th round.

The distribution of the athletes in between Group A and Group B in the vertical jumps is to be done by the Technical Delegate based on the personal bests of the participating athletes. Once the distribution of the athletes is done, the starting order is to be decided by draw for each group and for each respective discipline separately.

8.7.2 Track Events

The heats for the track events from 100m to 800m inclusively are to be arranged by the Technical Delegate considering as much information as possible about the performances of the participating athletes. Normally, the best performers are to compete in the same heat. A seeding list is to be defined by the Technical Delegate for that purpose.

Once the heats are arranged, the lane distribution is to be conducted by the Technical Delegates as per the WA TR 20.4.3 to WA TR 20.4.5, with the required adaptations, and using the seeding list mentioned above.

The results of the two heats are amalgamated, with the athletes' times determining their placing. In case of a tie between athletes in the different heats for races up to 800m inclusively and the relays, the photo finish judge shall consider the actual times to the 1/1000th of a second. If the tie cannot be broken the attributable points shall be divided equally between them.

For 4x100m and 4x400m Mixed relays, the teams' distribution per heat will be according to the teams scoring standings 1 (one) hour before the scheduled time for each event. The best scored teams will compete in the same heat which shall be the last event of the session of track events. The results of the two heats are amalgamated, as per the Competition Regulations.

For 1500m, 5000m and 3000m SC, the lanes distribution is to be done by draw for each respective discipline separately.

For the result of the draw and the eventual lane allocation and starting order please refer to appendix 8.

8.8 Specific Event Procedures

8.8.1 Track Events

Athletes in track events will be asked to enter infield already dressed in competition clothing. Tracksuits shall be placed in baskets at Call Room, and these will be taken to the Kit Collection Area at the end of the mixed zone for collection after the race. Specific procedures in case of bad weather will be declared on site as necessary.

8.8.2 Trials in Field Events

In the field events, the practice trials will be supervised by the judges and to be in the order of the start list for the throwing events. Once the trial jumps/puts are finished, the participants will be asked to stand in the order of the competition for the presentation.

8.9 Post Competition Procedures

After the competition, athletes leave immediately through the mixed zone.

In the mixed zone, all athletes meet the media: first TV, then radio and finally the written press. It is for the athlete to decide whether he/she will give an interview.

The clothing baskets will be brought to the Kit Collection Area located after the mixed zone.

8.10 Scoring, Promotion & Relegation

The European Athletics Team Championships comprises one single competition where men's and women's teams represent as a single team the respective European Athletics Member Federation.

The winner of each individual discipline and each relay in each match shall score as many points as there are teams competing in the respective Division, the second will score one fewer, and so on. Athletes or relay teams with no valid performance, disqualified or not finishing shall not score. If two or more athletes tie for a place in any event, the attributable points shall be divided equally between them.

The team having the highest aggregate number of points shall be the winner of the Division, and so on. If two or more teams have the same aggregate number of points, the tie shall be decided in favour of the team having the greater number of event winners. If the tie remains it shall be decided in favour of the team having the greater number of second places, and so on.

After the conclusion of the European Athletics Team Championships 2025, the following relegation and promotion is to be made for the next edition of the Championships:

- The three lowest ranked teams of the First Division are to be relegated to the Second Division,
- The three highest ranked teams of the Second Division are to be promoted to the First Division, while the three lowest ranked teams are to be relegated to the Third Division,
- The three highest ranked teams of the Third Division are to be promoted to the Second Division.

8.11 Protests

Any protest shall be made orally to the relevant Referee in the infield by an athlete or someone acting on behalf of an athlete, during the event or immediately after the event. The decision of the Referee will be final, and no further appeals will be allowed. Video Recording and Control System will be used extensively to support immediate decisions by the Referee.

Where the appropriate Referee is not accessible or available, the protest should be made online through the virtual TIC. Protests concerning the result or conduct of an event shall be made within 30 minutes of the official announcement of the result of that event (time of publication recorded in the pdf result sheets displayed on the results platform of European Athletics).

Medical therapies and emergency procedures that require the use of needles may occur any time during competitions. European Athletics is committed not to prohibit or restrict the responsible use of needles for Team Medical personnel at European Athletics events - thus will not require a declaration of needle usage - but requests responsible behaviour from the medical personnel and team members.

Responsible needle usage means that athletes and team medical personnel are aware of and committed to respect the WADA rules, and they are also familiar with the TUE procedures and competent in corresponding medical therapies.

As part of the responsible needle usage, the teams shall store and discard biohazard and dangerous waste in appropriate containers. To assist with the handling of the used dangerous waste, sharp disposal bins will be available at the medical centre(s) and team physio area(s) at the Team Hotel.

Athletes selected for doping control shall be informed by trained chaperone. Athletes will be required to sign a doping control notification form. Athletes have the right to be accompanied to the Doping Control Station (DCS) by an accredited team representative of their choice.

A selected athlete should report immediately to the DCS unless there are valid reasons for the delay. All selected athletes will be accompanied by a trained chaperone or Doping Control Officer from the time of notification until arrival at the DCS. Athletes are reminded that refusing or failing to comply with the Anti-Doping procedures may constitute an Anti-Doping rule violation and could render them liable to disqualification and may result in further disciplinary action. Athletes who are required to use prescribed medication for the treatment of a medical condition should ensure that they have registered their medication, where necessary, through the Therapeutic Use Exemption system prior to attending the Championships.
